CIWW October 2026 Board Meeting Highlights

The CIWW Board of Trustees took several steps to prepare for 2027 at its October meeting, approving wholesale water rates, continuing the Smart Watering Pilot Program, and adopting policy priorities for the coming year.

Trustees approved the 2027 CIWW Wholesale Water Rates and, following the meeting, participated in a workshop to review and discuss the proposed 2027 budget. A public hearing on the budget is scheduled for the Board's regular November meeting.

The Board also adopted the 2027 CIWW Policy Priorities, setting the direction for CIWW's policy efforts in the coming year.

Continuing its focus on water efficiency, the Board authorized an agreement with Aqualytics to continue the Smart Watering Pilot Program into 2027. The program explores how smart irrigation technology can help participants use water more efficiently while supporting regional water demand management.
